THE ALL SEEING EYE

(Supreme Divine Consciousness)

In Modern times the Eye may be used to represent the Eye of the Supreme Architect of the Universe, but this is a limitation of the interpretation which the Mystics of The Moabite Nation and indeed the Mystics of today give this very ancient symbol.

To them the Eye is symbolic of sight, but especially of that Clear Sight which gives Realization. When the Eye was adopted as the symbol of the Supreme Ruler Of The Universe, it was intended to typify the All Conscious, or Ever Conscious mind of God which Sees All, and therefore Knows All. In this sense the Eye came to be the symbol of DIVINE CONSCIOUSNESS or COSMIC CONSCIOUSNESS and also UNIVERSAL CONSCIOUSNESS.

Therefore this Eye rules over the Sun and the Moon, the Planets and Stars and also The Hearts Of Men; not that the latter obeys by his own volition the ever watchful Eye, as the child obeys the parent in fear of their Watchful Eyes, but all Nature manifests according to the Divine Plan conceived in the mind of the Divine Conscious and all such manifestations are ever the same, ever true to principle, because the Eye of the Divine Consciousness directs the operations of all Cosmic Laws.

Self Consciousness is the Micro Manifestation of Universal Consciousness and thusly, Man is the measure of all things.

Shut your Eyes and a great portion of your world is lost to you. We stand between two great Eternities, the one behind and the one ahead of us. Our whole span of life is but a conscious interlude. How we live depends upon our consciousness, Our View. We cannot hope to know all things as they are but we can organize our experiences into a personal, intelligent, useful arrangement that will faithfully serve us. That we cannot hope to know all things as they are prompted Drew Ali to say: "Do Not Seek Perfection In It, For It Is Inscrutable."

All science is Gods Wisdom, loaned to Man to manifest in the image and likeness of the Universal Consciousness. This Wisdom and Knowledge, plus the Science, UNTO THEE I GRANT.
